The Premier Range

YOUR SPACE, WARM AND COSY

A warm welcome

The Ultraheat Premier Range offers stylish, effective heating at competitive prices, as well as sophisticated designs that set our products apart.

We aim to anticipate what consumers will be looking for, offer fresh alternatives to traditional styles, and respond proactively to changing trends in domestic heating and design.

We pride ourselves on our hard-earned reputation for high quality engineering and exacting quality standards. Our Mild Steel range comes with a warranty of 5 years; our Aluminium products have a 10 year warranty and our Fully Electric Ready towel rails come with a 12 month warranty.

Ultraheat offers the UK's largest 'in-stock' range of radiators and towel rails for immediate delivery. Our products combine beauty with effective, responsive heating.

Technical specifications are subject to change without prior notice. The colours shown in the imagery, while a good representation, may not be an exact match of the finished product.

Alternatively, a metallic finish can coordinate with other properties in the space, such as light fixtures or picture frames.

Radiators available in RAL colours are shown with the 'Available in RAL Colours' icon.

TERMS OF DELIVERY

Prices quoted are for UK Mainland only.

For other locations, please contact our Sales Office on
+44 (0)1908 271155

Do not book your plumber until the goods have been delivered and checked.

DATE OF DELIVERY

For items in stock, a suitable delivery date should be arranged at time of order.

For out-of-stock items, an estimated delivery time will be advised at the time of order.

Please note that the estimated delivery date does not form part of the contract.

TIME OF DELIVERY

Standard service is any time between 8am and 5pm. Timed deliveries can be made but at an extra cost.

In some instances it may be more convenient to have items delivered to a work address where someone is present to sign for them. In the unlikely event that the goods do not arrive before 5pm (for standard service, or for a timed delivery), please let us know the following or same day.

MEETING THE DELIVERY

Someone will need to be at the delivery address on the day of delivery.

Outside packaging should be inspected before signing the delivery note*.

If there is no-one available to sign for delivery, arrangements will be made to re-deliver at an additional cost to the customer.

*If parcels are damaged or have been tampered with in any way they should not be signed for unless marked 'DAMAGED' or 'SHORT DELIVERED'.

No claim for damage in transit or shortage will be accepted if signed for 'RECEIVED IN GOOD CONDITION' or 'UNCHECKED' or 'NOT EXAMINED'.

Please note that, due to Health and Safety legislation, the driver is only allowed to deliver radiators to the nearest hard standing (pavement or driveway) and is not required to carry the radiators up any steps.

Where a radiator is over 25KG in weight, please ensure someone is available at the delivery address to assist the driver.

Within 24 hours of receiving radiators, please unwrap and thoroughly inspect goods. Any visible fault or imperfection (or missing parts) must be reported to Ultraheat or in the case this has been purchased from a reseller, please contact them directly within one working day (24 hours) of receipt to enable us to send a replacement, otherwise goods shall be deemed to be acceptable.

A contents sheet will be enclosed in the box with the radiator to enable you to check that all parts are present.

In the unlikely event that your radiator is visibly faulty, please ensure that you retain all the original packaging. We cannot accept returned radiators on the grounds of visible damage or visible fault if it has been plumbed in.

PIPE CENTRES

If you require measurements, please call our sales office or refer to our website: www.ultraheat.co.uk

Pipe centre measurements and other measurements may have higher variance in Stainless Steel products as they are hand made, therefore you are advised to erect your pipes after you have received the radiator.

Pipe centre measurements are incorporating pair of valve distance of 45mm each to total of 90mm where applicable.

We recommend delivery and receipt of product before positioning pipework.

BTU HEAT OUTPUT

Heat Output (BTU/Watt) quoted is based on Delta T50 (Δ) and may vary depending on colour and finish of radiator.

Where multiple finishes are available, heat outputs are stated for Painted finishes; for Chrome finishes in these ranges, quoted heat outputs should be reduced by 20%. Please enquire for more details.

- 6.11 On termination of the Contract, however caused, the Seller's (but not the Buyer's) rights contained in this condition shall remain in effect.

7. Price
- 7.1 Unless otherwise agreed by the Seller in writing, the price for the Goods shall be the price set out in the Seller's price list published on the date of delivery or deemed delivery.
- 7.2 The price for the Goods shall be: exclusive of any value added tax (VAT), which the Buyer shall additionally be liable to pay to the Seller at the prevailing rate, subject to the receipt of a valid VAT invoice; and

The Seller may at any time, without limiting any other rights or remedies it may have, set-off any amount owing to it by the Buyer against any amount payable by the Seller to the Buyer.
- 8.7 If the Buyer fails to pay the Seller any sum due pursuant to the Contract, the Buyer shall be liable to pay interest to the Seller on such sum from the date of payment of the annual rate of 4% above the base lending rate from time to time of Barclays Bank, accruing on a daily basis until payment is made, whether before or after any judgment. The Buyer shall pay the interest together with the overdue amount. The Seller reserves the right to elect to claim interest and late payment compensation under the Late Payment of Commercial Debts (Interest) Act 1998.
